

LETTER TO HENRY (WYLOE - HUSBAND)

at Yale?

before joining,

Dearest Honey -

Within five minutes
the mail is picked up - & I
just acquired the envelope
& paper at the Campus Shop.

This is an experience!
No, there are no buses as in
Williamsburg. Yes, it is hot!
But fortunately various people
in Downtown 6 are kind enough
to tote me. Today I found
a cafeteria in the Statler Hall
where all meetings are held, so
have kept quite cool. I
walked back at 4:30 in order to
stop at the Campus Shop. It's
not too bad down hill (except
my toes bump!) & the worst

of the heat is over for the day
(I think). The meeting rooms
are very cool. Many ladies had
sweaters.

My room cooled off nicely
during the night & it was quite
pleasant this morning. I'd forgotten
about ~~clothes~~ — you all share the
bath "down the hall". But the
ladies' is quite near my door &
there are lots of basins, showers &
johnnies, so no standing in line.

A check with Mohawk shows
a change of planes either at Elmira
or Binghamton. I leave about an
hour earlier than was noted on
tickets, but arrive the same time (5:49)
in Boston — if I'm lucky with
4 stops! Many persons are quite
thrown off schedule by changes
where they were trying to make another
plane from New York.

My phone extension here is 2598.
You dial AR 5 then the 2598. The
phones in the hall outside my door, shared
by several others. Somebody answers and calls

Dont think you have to call,
however, & if you do, dont
make it late because it
probably would rouse somebody
else (not me). Better write me.

The postman is due any
minute.

Love & kisses

Hildegard.

I've seen & talked with
hundreds of people. Tomorrow
I plan a get together with
the paleo people including
Woolfenden who did the
Waterford osteology.
